Clinical Recording & Ambient AI Documentation Authorization

Purpose

I authorize Allen Weiss Physician NY, P.L.L.C. d/b/a Big Apple Cardiology to capture audio recordings or other digital inputs during clinical encounters for the purpose of medical documentation and quality improvement.

Ambient AI Documentation

I understand that the practice may use ambient artificial intelligence (AI) technology to assist in generating clinical documentation by transcribing or summarizing conversations during my medical visit. This technology is used solely to support accurate medical record documentation.

Patient Transparency

I understand that the purpose of this technology is to help my physician focus on the conversation and my care rather than typing during the visit. The technology assists with documentation only and does not make medical decisions.

Privacy and Security

All recordings and transcriptions are used only for clinical documentation within my medical record and are handled in accordance with applicable privacy and security regulations, including HIPAA.

Physician Review of Documentation

I understand that any clinical documentation generated using ambient artificial intelligence (AI) technology will be reviewed, edited if necessary, and finalized by the treating physician. The physician remains responsible for all medical decision-making and the accuracy of the medical record.

Consent Statement

By signing this form, I acknowledge and consent to the use of ambient artificial intelligence (AI) technology for clinical documentation during my visit.

Electronic Patient Signature (captured digitally)

Timestamp Recorded Automatically
